MOBILE WONDER WORLDS

Be Amazed at What You Discover

We are inviting you to an unforgettable journey of discovery through the past, present and future of technology. Get close to unique milestones of technical developments and feel the spirit of the times bringing them forth. Over 3.000 exhibit items displayed on more than 30.000 m² indoor space and a large open-air ground give testimony to the history of technology and in particular to the advancement of the automobile, a moving history in the true sense of the word.

See, hear, smell and feel pioneering spirit and ingenuity, and as an indispensable highlight of your event book a guided tour of the museum, also out of regular hours.

- Open 365 days a year
- Guided tours of the Museum in German, English and French language also out of regular hours
- Stand-up reception, get-together or seated dinner within the museum exhibition, e.g. at the American dream cars, in the midst of the Formula 1 exhibition, besides gigantic locomotives etc.

OPEN AIR

Begins Where Others End

Flanked by the two museum halls and surrounded by numerous legends of aviation history, our unique open-air ground is awaiting you. The highlight: a fantastic view of the legendary supersonic passenger aircraft Concorde and Tupolev 144. On an area of about 20.000 m² we are offering you plenty of space for open-air events of any kind like club meetings, outdoor activities, concerts or product presentations.

- Available space: 20,000 m²
- Barbecues and outdoor-events
- Stand-up receptions at the Concorde flight deck (up to 100 people)
- Free reserved parking places in the courtyard for club-meetings and rallies

IMAX 3D Cinema

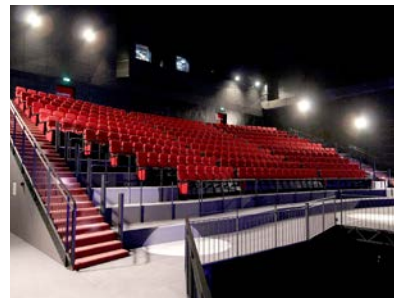

The Sharpest Cinema in the World

As one of the first movie theaters in the world, the IMAX 3D Cinema at the Technik Museum Sinsheim presents a true world novelty for you and your guests: 3D documentaries and the latest Hollywood blockbusters in digital 4k quality of unprecedented brilliance, clarity and sharpness on a huge, 22 x 27 metres large screen, the largest IMAX screen in Germany. And the incredibly realistic 12-channel sound system with sub-bass gives audiences a new kind of visceral sound experience. Everything appears so true and lifelike that the border between movie and reality vanishes.

Besides the movie experience, between 9 a.m. and 4 p.m. we are also offering you the possibility to book the IMAX 3D Cinema for presentations or exclusive showings of documentary movies according to the current film program.

- Capacity: 325 people (cinema seating)
- Bistro
- Direct access to the museum
- Lectures and presentations
Stage 24 m² (6 x 4 m)
